Management Systems

Safety Management System:

At Sunrise Civil we have established and maintain an Occupational Health & Safety Management System, in accordance with the requirements of AS/NZS 4801 Clause 4 and Safety MAP. Our safety goals are achieved through the systematic application of the QLD WH&S Safety legislation; Australian Standard 4801 and parts of the relevant legislations.

Environment Management System:

Environmental protection is the responsibility of every individual employee in the company. At Sunrise Civil all employees follow the environmental and Safety policy statement. Sunrise Civil are equipped with our own workshop facility and use local mobile fitters with waste oil extraction services on board to ensure no environmental impact.

Quality Management System:

Sunrise Civil have a quality policy and management plan. We are committed to manage and continually improve quality at Sunrise Civil. Delivering a high quality outcome for the client is a core driver.

Insurances

Sunrise Civil carry the following insurances:
